

# Men of War Assault Squad 2 Cold War

The legendary RTS series reaches the cold war era

## Key Features

- Pick your side: The United States of America versus the Soviet Union
- Dynamic campaign creation makes singleplayer and cooperative campaign play extremely replayable with randomized skirmish battles and custom army compositions
- Competitive online multiplayer modes
- Combined arms game mode: Capture and hold flag points using all military means possible
- Annihilation game mode: Dominate the enemy or capture their base, as valuable resources can be secured on the battlefield
- Command large armies or control single units with the series-defining direct control mode
